Further, these claims are allowable for the same reasons as claims 1, 2, 6-13 and 17 discussed above.

New claims 21-23 are presented dependent upon claim 1. These claims are believed allowable for the same reasons as claim 1 discussed above. Additionally, Applicant notes that each of these claims is separately allowable for the reason that the feature recited in each of these claims is not taught or suggested by any of the cited references.

New independent claim 24 is added which is a combination of originally presented claims 1, 7, 9 and 10, along with new claim 21. New claim 24 is believed allowable for the same reasons of these claims as discussed above.

Applicants respectfully maintain that the currently pending claims 1-17 and 21-24 are in condition for allowance. Should the Examiner have any comments or suggestions that would place the subject patent application in better condition for allowance, he is respectfully requested to telephone the undersigned attorney at 770-933-9500.

Respectfully submitted,
